

SHAPING THE FUTURE TOGETHER

BRINKS
Global Services

BRINK'S & PANAMA DIAMOND EXCHANGE

In an industry where millions of diamonds and gem stones are traded each year, it is key to provide a secure environment that enables buyers and sellers to feel protected and trade freely.

Brink's is proud to partner with the Panama Diamond Exchange, the first designated trading centre in Latin America and the Caribbean, to provide its members with the logistics and security services needed to facilitate their trading activities—activities that reach far beyond that of the trading centre floor.

Brink's Services for the Panama Diamond Exchange

Door-to-Door Shipment

We offer door-to-door shipping from our window inside the Panama Diamond Exchange to your final destination.

Bonded Transport, Import

Upon arriving at the airport in Panama, bring your hand-carry shipment to the Brink's window and we will securely transport it to the diamond exchange.

Bonded Transport, Export

When you are ready to leave, simply deliver your shipment to our window inside the Panama Diamond Exchange and we will transport it to the customs area at the airport.

Low Value Parcel Service

Ship your lower value items to virtually anywhere in the world with peace of mind that is backed and protected under Brink's liability insurance.

Customs Broker Service

Working in conjunction with the Panama Diamond Exchange, Brink's is able to provide you with customs broker services for: imports and exports, hand-carry and door-to-door shipments, in-bond movements and coordinate duties and taxes.

Storage at the Panama Diamond Exchange

Brink's is proud to be the exclusive storage partner for the Panama Diamond Exchange. We rent safety boxes of varying sizes, as well as provide special storage options upon request.

Security Services

Brink's can provide monitoring and security services for your office inside the Panama Diamond Exchange.

About Brink's

Brink's Panamá is a part of Brink's, Incorporated, the world's premier provider of secure logistics and security solutions—including global transportation for high-value goods, currency and coin processing, ATM services, security services and advanced technology. Utilizing decades of industry experience, Brink's looks beyond standard services to deliver faster, more secure, and streamlined solutions that deliver critical business intelligence, improved productivity and enhanced protection to your operations. Established in 1859, Brink's serves customers through a network of 1,000 facilities and 13,000 vehicles in more than 100 countries.
